

BERKS NATURE

Ambassador Program Packet

Berks Nature is offering a program to obtain people dedicated to preserving nature. The ambassador program will give these dedicated people a place to learn more about nature, develop new skills, and use what they learn to enhance and preserve the environment around them.

2022 Berks Nature Ambassador Program Details

Berks Nature is recruiting a dedicated group of volunteers to be trained as “**Berks Nature Ambassadors**”. *What does this mean?* It means that you will receive basic training related to all of the good conservation work that we do. Upon completion of your training, you will officially become a volunteer Berks Nature Ambassador. Our Ambassadors will be our trained volunteers that can help train others, lead projects, answer questions, and simply help enhance and protect the environment!

First, there is a simple application process and fee schedule. **APPLICATION ARE DUE BY MARCH 24th** Prior to applying please review the training schedule below and make sure you are able to commit to the March 24th introduction, plus at least 4 of the trainings. If you cannot attend the required but are still interested, contact us, and we might be able to work around it. There is a \$75 fee to participate in this training program, which includes a \$25 "Champion of Nature" tax deductible donation. At the end of the training, our new Berks Nature Ambassadors will receive a certificate, an official Berks Nature Ambassador vest, an abundance of interesting knowledge of our natural world, and become part of the Berks Nature family.

Next there are five special training opportunities for interested Ambassadors to learn about our organization and practical conservation skills. In order to become an official Berks Nature Ambassador, attendance at 4 out of 5 training sessions is required. The Welcome & Introduction Night on March 24th is designed for all interested applicants. Also note, those interested in focusing their Ambassador skills on water quality and testing are required to attend the two-day Hydrology training listed on the schedule. This hydrology training follows scientific GLOBE protocols and is excellent! See the full training schedule below.

Finally the state requires that anybody who has regular contact with children obtain 3 clearances to ensure the safety of our children. Since a Berks Nature Ambassador may have contact with children, all 3 clearances that are required to work with children must be submitted. They are free since this is a volunteer position, unless you have not lived in PA for more than 10 years. If you have not lived in Pennsylvania for the past ten (10) years, then you will need to obtain the more extensive FBI background and fingerprint clearances at a minimal cost. If you hold the clearances from your job, then simply send a copy with your application. If you need help or have questions about the clearances, contact Beckey Seel at either Beckey.seel@berksnature.org or 610-372-4992 Ext. 103.

Complete the first 2 clearances online and either of the applicable FBI clearance listed as items 3 and 4.

1. Child abuse clearances <https://www.compass.state.pa.us/cwis/public/home> When filling out the application make sure you check, “Volunteer Having Contact with Children”, so there is no charge and the results take about 5 days to show up online.
2. PA State Police (PSP) Criminal History Report: <https://epatch.state.pa.us/Home.jsp> Click the volunteer button and results are instant.
3. FBI waiver if you have lived in PA for at least 10 years (will be attached to the end of the document).
