**Parent Visiting Days**  
You are always welcome to visit Eco-Camp! Please call the directors on their cell phones (Dave 610-780-6786 or Anne 610-223-5411) upon your arrival so that we can meet you and point you in the right direction of where your child is located at that time.

**Camp Rules Discipline Policy**  
Camp is the perfect environment to promote social skills and self-esteem in children. To achieve this, we include age specific groups and activities, low camper-staff ratios, positive reinforcement, group and individual decision-making, and attention to the individual needs of each child. You are your child’s own best advocate and so we encourage you to share any special information about your child that you feel will help ensure that he or she has a successful camp experience.

All campers are expected to follow basic rules of behavior. These rules will be explained at the beginning of each camp week. Camp counselors will be constantly supervising campers over the course of the day, along with assistance from camp directors and activity directors as needed.

**Camp Rules:**
1. All campers must be with a staff member at all times.
2. Campers should be respectful of self, peers, and staff at all times.
3. Play safely and fairly (fighting or threatening behavior will not be tolerated).

**Discipline Policy**  
We believe children learn self-control when adults treat them with dignity and use discipline techniques such as the following:
1. Guiding children by setting clear consistent limits for group behavior. In the case of older children, helping them set their own limits.
2. Visualizing mistakes as learning opportunities.
3. Redirecting children to a more acceptable behavior or activity.
4. Listening when children talk about their feelings and frustrations.
5. Guiding children to resolve conflicts and modeling skills that help them solve their own problems.
If rules are broken at camp, counselors ask campers to identify the rule that was broken and counselors give a verbal warning. If the rule is broken a second time, the counselor will supervise a 30-second to 5-minute “break” near the activity. The next step will be to see the camp director. Parents are called when physical contact or repeat infractions are involved.

Special Needs
We strive to meet the needs of all children. In order for us to be able to help your child have an enjoyable experience at camp, we ask that you notify us of your child’s special needs prior to your child’s first day of camp. This may include information on allergies, accessibility concerns, behavioral, psychological or emotional conditions or other special needs. While we offer our camps to as wide a range of children as possible, it is not possible for us to offer one-on-one care.
Campers requiring more attention than the prescribed camper-to-counselor ratio provided (1:5 – 1:10) depending on the activity, must be accompanied by a parent-provided Therapeutic Staff Support at all times at camp. If your child has special issues or requires a TSS, please contact (Dave 610-780-6786 or Anne 610-223-5411) to provide additional information to help us meet your child’s individual needs.

Thank you! We look forward to a Safe, Fun-Filled and Educational Camp season!
